Key Remapping/LED Effects/Customized Actuation Setup Instruction

- 1.Fundamental features such as key/lighting effects customization can be programmed with MonsGeek Driver.
- 2.Magnetic switches related functions can programmable in MonsGeek Driver. Please check for the latest firmware and driver for optimized gaming experiences and new features.
- 3.Users can download the driver from www.monsgeek.com or use the web-based driver at web.monsgeek.com / web.monsgeek.cn.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1)This device may not cause harmful interference, and
- (2)This device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF Warning Statement

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

MONGEEK Warranty and Service Statement

- 1.MONGEEK provides One-Year warranty for customers in mainland China. For other regions, please contact your seller (MONGEEK distributor) for specific warranty policy.
- 2.If the warranty window expires, customers need to pay for repairs. MONGEEK will also provide instructions if users prefer to repair the keyboard by themselves. However, users shall take full responsibility for any loss happened during self-repair.
- 3.Defects resulting from disassembly of our product, improper usage and incorrect installation are not covered by warranty.
- 4.The return and warranty policy may vary in different platforms and are subject to the specific distributor at the time of purchase.

EU DECLARATION OF CONFORMITY

This declaration of conformity is issued under the sole responsibility of the manufacturer.

(Manufacturer and EC Responsible Person Information)

Manufacturer
TowerB, 35th Floor, Evergrande, Jiannan Road, Nanshan District, Shenzhen
Manufacturer: Dongguan Yinchen Electronics Technology Co., Ltd.
Building 4, No.7 Shipai Industrial Avenue, Shipai Town, Dongguan, Guangdong Province, China
Place of Origin: Guangdong, China
Tel: 0769-22114578
Implementation Criteria: GT/T 14081-2010

Product Information
Product Name: Mechanical Keyboard
Model: M1 V5
Trade Mark: MONGEEK

The object of the declaration described above is in conformity with the relevant Community harmonisation legislation / EC directives:

EC directives RED Directive 2014/53/EU and LVD Directive 2014/35/EU & EMC Directive 2014/53/EU

Testing Standards EN IEC 62368-1:2020+A11:2020
EN 50665:2017; EN 62479:2010
ETSI EN 301 489-1 V2.2.3 (2019-11)
ETSI EN 301 489-1 V3.2.4 (2020-09)
ETSI EN 300 328 V2.2.2 (2019-07)
